To all our customers,

As we all watch closely for developments around COVID-19, we wanted to share an update on how PL-Line is responding. The health and wellbeing of our staff, our clients but also our partners and suppliers, is always our number one priority. We follow the advice of Netherlands National Institute for Public Health and Environment closely. Therefore, we have decided to close our stores, until further notice.

Our **webshop** remains **open 24/7**. We will do our very best to ship all order as soon as possible. All orders will be handled and prepared for PostNL or UPS by one or two employees in order to avoid contact as much as possible.

Please take care of each other and we'll see each other soon!

Team PL-Line
Leon Holla

STAY SAFE!
